

New Course: NEBOSH HSE Introduction to Incident Investigation

RRC is at the forefront of Health & Safety training, and have been providing organisations and individuals with internationally recognised qualifications for over 90 years. We are one of the first training providers accredited to offer the new collaborative course from NEBOSH and the UK's Health and Safety regulator - the Health and Safety Executive.

Gary Fallaize, RRC Managing Director comments: "This is an exciting collaboration; the course will allow companies to drive down incidents in the work-place. And we are proud that RRC's associate tutor Lizzie Kenyon was involved in the development of the materials for this qualification – again, showing the high quality of the trainers working with RRC."

The NEBOSH HSE Introduction to Incident Investigation is designed to enable learners to be able to carry out solo accident investigations, produce risk control plans and contribute to team accident/incident investigations for large-scale investigations. The course aims to aid individuals in positively impacting the safety culture in their organisations.

This will be a 1 day course plus an assessment in which learners will analyse a case study, establishing poor and good practices in interviewing techniques. The course is available as an In-Company course worldwide, with Online and classroom courses coming soon at our London venue.

The advertisement for EMSOnline features a central image of a laptop displaying the website's interface. To the left of the laptop, a dark grey box contains the text 'VIEW FULL MAGAZINE ONLINE' followed by a list of benefits: '+ Extra Articles and features', '+ Full Business Directory', and '+ Much More...'. To the right of the laptop, the website's name 'EMSOnline' is written in large, bold letters, with 'EMS' in black and 'Online' in orange. Below this, the website URL 'www.engineeringmaintenance.info' is displayed. A QR code is positioned to the right of the URL. An orange banner below the QR code contains the text 'All of our articles are available to read online today! Scan the QR code to go directly to the site'. At the bottom right, the text 'Visit Us Online' is written in large black letters, with the website URL 'www.engineeringmaintenance.info' below it. The EMS logo, consisting of the letters 'EMS' in a stylized font with an orange arrow pointing right, and the tagline 'ENGINEERING MAINTENANCE SOLUTIONS' below it, is located in the bottom right corner. The background of the advertisement is a collage of various engineering and maintenance-related terms and images.
